

CONDITIONS FOR HOLIDAYING WITH YOUR PETS AT JOHANNA RIVER FARM AND COTTAGES

Johanna is a farming area with dairy and beef cattle and also sheep. Neighbouring farmers (and their stock) can get a little nervous when strange dogs are seen and heard in the area, so we need to stress the importance of ensuring your pets are well supervised at all times during your stay and never left on the property unsupervised.

To ensure that pets can continue to enjoy holidaying at Johanna River Farm and Cottages, and as a condition to placing a booking with us we ask that you abide and agree to the following:

-  Pets must be well supervised at all times during your stay and never left on the property or in the cottage unsupervised.
-  Please see our terms and conditions www.johanna.com.au
-  Please keep the lead on. Especially when near stock & guests in the other cottages.
-  Please restrict your pet to the living area or laundry and not allow them on the furniture or on carpeted areas of the cottage (the bedrooms)
-  **Do not allow pets in bedrooms.**
-  Pickup and dispose of all droppings in the yard and garden/lawn area around the cottages (don't bother in the paddocks!).
-  The yard (& cottage) is not suitable to leave pets in unattended at any time. We do not guarantee the security of the yard .
-  **We are 'lambing' in August, September and October so stress the importance of keeping your pets away from our farm stock and ask that you be extra diligent with supervision of your pets.**

USE OF DAY YARD: If you are visiting an area which is not pet friendly or perhaps going out for dinner, and you are not happy about leaving your pet in your car ~ talk with us. With advanced notice we may be able to provide a 'short term', secure, comfortable area to leave your pet for a couple of hours.

Of particular interest is Johanna Beach, which although part of the National Park, does allow dogs on leads. Take a walk through a beautiful rainforest to visit a waterfall too ~ we recommend Beauchamp Falls (25 min drive from the farm) which is pet friendly.

We've recently fenced the river off from the rest of our farm. It's proving to be a good "OFF LEAD" area for responsible owners with well behaved & obedient canine visitors as is the little fern gully/orchard walk. Ask us for details first.

We cater for pets by providing a yard around the cottage, feed bowls, and towels. Inside bedding/a rug, is also provided ~ ideally placed by the fire or in the cool of the laundry. Information on pet friendly places to visit is kept in the visitor's info book in your cottage.

Please don't hesitate calling us if you have any enquiries. If we can assist you with anything during your stay, please let us know.

Thank you and we hope you and your pet enjoy your stay at Johanna.
